

September 2002

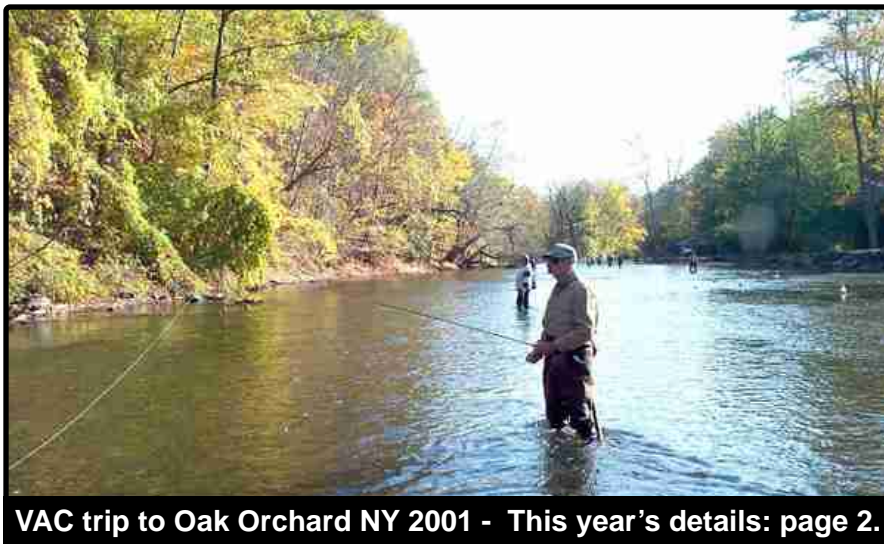

September Meeting

The monthly meeting will be held at the *Department of Game and Inland Fisheries* Building, 4010 West Broad Street at **7:00 PM, Tuesday September 24th**. The entrance and parking are at the rear of the building.

September Meeting Guest Speaker is Dr. Douglas Rowe

We are pretty well informed about the environment in which we fish. We understand the necessity of clean water, eelgrass, structure, tides and maybe even how to read the weather from the clouds passing over the boat from which we are fishing. However, we may not give the sun its due in our understanding of our angling environment. The Virginia Anglers Club has invited Dr. Douglas Rowe, a practicing plastic surgeon and angler, to speak on the subject of skin care and damage that the sun and other elements can inflict on our hide. In discussing Doug Rowe's appearance, a lot of comments were made that leads one to believe that

a good number of club members have had repairs made to their skin already. These repairs sounded like they were necessary as the result of overexposure to the sun and might have been prevented with proper accommodation of the rays of the sun. Doug will present a discussion of the danger and results of overexposure to the sun and what can and cannot be done to repair this damage. Bring your questions with you and we all can learn from each other's experiences. Skin cancer is not a pretty sight when it becomes serious. Come and hear how to prevent it, recognize it and what can be done to treat it.

CATCHY COMMENTS

by Dennis Cline

Your C.V. Kinnard Angler of the Month for August was **Mike Baucom**, who released a

23-0 monster flathead catfish on 2 general that scored 575 points!! Bet that one took Mike around the hole a few times and maybe even added a few gray hairs! Second place went to **Fred Murray** for his 21-8 flathead on 2 general scoring 537 points. **Robbie Robinson** took third with a 13-8 gar on 2 spin that scored 490 points. There were a couple of other 400-point fish that didn't place. Congratulations guys!

Congratulations as well to **Scott Johnston**, seeker of obscure records! Scott was alert enough to recognize the absence of hickory shad in the IGFA record book. His entry of a 1-14 hickory is now the IGFA All Tackle world record! Don't you wish you had thought of it first? It's hard to believe that none were ever entered, considering how popular the fishery has been over the years, and especially for all the VAC catches recorded. Scott also added several more club records this month for croaker and gar.

There are literally hoards of puppy drum all over the bay and in the surf. It may be one of the best year classes ever, and with the changes in possession limits that are in the works, we should have great drum fishing in the future! The fall season

is just beginning, with a few big fish coming from the bay. Surf action should pick up soon. Drum fishing has been good to the south as well, where **Quentin Corbett** released a 40-0 on 20 general back into the Neuse River.

ANGLING RULES

The board of directors approved changes in basic weights for blue catfish to take effect December 1, 2002. The new weights will be published in the November newsletter.

During the past two monthly meetings, the board reviewed and discussed at length the lines approved for use for club activities. There was no action taken and no change made in the current rule. The most recent line test report indicates a vast majority of non-IGFA rated lines exceed the IGFA limit for wet breaking strength. Of 52 lines tested, 77% failed and many exceeded the limit by 50% or more. Eighty percent of the IGFA rated lines passed, as did Stren Original.

Tournament Results

by Fred Murray

Using a secret method I learned from Mike Cline I was able to "dominate" the Flathead/Smallmouth Tournament on the James River on August 24. The secret.....show up for the tournament and be the only person fishing! So maybe the fish were not exactly the trophies I had hoped to catch. Let's just say I did catch.... a tiny smallmouth and a 6 lb. 8 oz. flathead on 2#spin.
