April Membership Meeting – From New Mexico To Montana With A Rod

Ever wonder what fishing was like from New Mexico on up into Montana? Ronnie and Glenn sides, bi-generational VAC members, will present a travelogue of fishing opportunities from the San Juan River in New Mexico up to the Big Horn River in Montana. The presentation covers about 8 to 10 bodies of water covered in three separate fishing trips. Some beautiful country as well as excellent fishing experiences will be featured in the program featured at the April Membership Meeting.

May Membership Meeting – Fly Fishing in Central America

Robert Thomas will present an illustrated program of pictures from two separate fly-fishing trips taken in 2005 down to Costa Rica and Belize. Rob hosted these trips for Fly Fish The World. Robert and fellow fly anglers went down to Central America in to take advantage of the excellent tarpon and jungle fish species fishing in Costa Rica and flats fishing in Belize.

March Fly Fish The World Gift Certificate To Be Redrawn In April

Chuck Lauguridge, our speaker at the March Membership Meeting, wanted to make a donation to the VAC. He did so by generously participating in our March raffle and then returning the Fly Fish The World Gift Card he won to the VAC. A second drawing for this gift card will be held at the April Membership Meeting, using the raffle sign up sheet from the March Meeting. You do not need to be present to win the redrawing of the March raffle. This special redrawing

is in addition to the regular raffle to be held at the April Meeting. Your presence is, of course, necessary to win the regular April raffle drawings.

3rd Annual James River Fish Festival

The 2nd Annual James River Fish Festival will be held on Saturday April 22, 2005 along the south side of the 14th Street Bridge. Know a kid who might enjoy learning more about the James and the fish living there in? Why not take him or her down to the Festival?

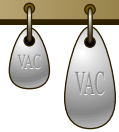

Special Raffle in March Nets Club \$115.00

The special raffle held at the March Membership Meeting was for a Galvan 6 weight large arbor fly reel. The raffle netted the Club \$115.00. The Virginia Anglers Club again thanks Greentop Sporting Goods for the donation of this very fine reel for our raffle. So does VAC member John Wetlaufer Sr, who was the lucky winner. This reel looks very fine on the Loomis 6 weight rod that John won in a similar raffle back in 2005.

Ukrop's Golden Gift Program Changes

This year the Ukrop's Golden Gift Program is being operated via the Internet. The Club will be registered in the database of non-profit organizations. Individual shoppers will have to register at the www.ukrops.com web site. Each quarter, e-mail will be sent to registered shoppers asking to which non-profit in the database the cash balance in the shoppers Golden Gift account should be transferred. Once the shopper identifies a non-profit, the funds in his/her account will be transferred electronically to the identified non-profit's checking account. Each VAC member is requested to register by contacting www.ukrops.com and following the simple registration steps. Have your Ukrop's Valued Customer card handy, because the registration process asks for some numbers on the card.

Virginia Angler Yahoo Group Use Instructions

Elsewhere in this edition of the *Angler*, VAC Secretary and unofficial VAC Computer Systems Wizard, Frank Dennis, has provided instructions on how to use the features of the VAC Yahoo Group. Using the Yahoo Group is an excellent way for dissemination of information, catch pictures and other news of interest to members participating in the VAC Yahoo Group. If you are not on the electronic distribution list of the VAC Group, contact Frank at dennisfk@comcast.net and give him your e-mail address. He will add you to the VAC distribution. Frank is the member to contact if you have problems with or questions about the Yahoo system.

For the Leadership Team,
John Wetlalufer, Sr., Director

Support Our Raffle Supporting Businesses

Every month, Green Top Sporting Goods and Fly Fish The World each generously donate a \$25 gift certificate to be raffled off at the monthly VAC Membership Meetings. Keep these two long time supporters of the VAC in mind when you need angling equipment and supplies (or for that matter, equipment and supplies for other outdoor activities too). These two local businesses believe in what the Virginia Anglers Club stands for and the fun its members have. The Leadership Team of the VAC thanks these two fine businesses for their interest in helping the VAC continue our support of many organizations that enhance the angling environment in Virginia.

Articles by VAC Member Lead-off the April 2006 VIRGINIA WILDLIFE Magazine

VAC member Tee Clarkson has written the first two articles in the current VIRGINIA WILDLIFE Magazine. The first article, "The Circle Remains Unbroken" documents the return of the shad in abundance to the James River and the life cycle of this popular fish. Tee notes that as a result of the "initiation" of the American Shad Restoration Program in Virginia in 1992, "American shad have made a substantial comeback". The Virginia Anglers Club is among the many supporters of this initiative. The second article, "2nd Annual James River Fish Festival", is a commentary on the events and activities that are associated with this festival. Tee notes that the James River Fish Festival is "a party to celebrate the successful restoration of the James River". If you have not read these two articles yet, copies of the April VIRGINIA WILDLIFE are available at the DGIF lobby on West Broad Street. Congratulations, Tee, on two fine articles; keep them coming.

"virginiaanglersclub" Yahoo! Group by Frank Dennis

Yahoo Incorporated of Sunnyvale, CA makes available to Organizations, Clubs, and Groups the ability to share information and items of interest among the members of the Group. This is accomplished via the Yahoo! Portal on the Computer Internet.

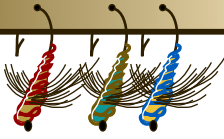

Just what does Yahoo! offer to the members of a Group? First and foremost is the distribution of email to all members of the Yahoo! Group. Any member can send an email message and all members of the group will receive a copy of that email message. Since the primary purpose of a Yahoo! Group is to share information, knowledge, and items of interest, the email distribution becomes the perfect mechanism to quickly let everyone in the group know about something, and nearly at the speed of light. The email address for distribution to our Group members is virginiaanglersclub@yahoogroups.com.

Secondly, Yahoo! Groups provides electronic storage for items of common interest such as, photographs and documents relative to the Group's purposes. The "virginiaanglersgroup" Yahoo! Group has sufficient storage for about 300 photos (assuming the photo size is kept to about 1K bytes). There is also electronic storage for our documents such as, newsletters, by-laws, angling rules, membership rosters, etc.

Thirdly, Yahoo! Groups provides electronic storage for information about our members that we wish to share with each other. Names, addresses, phone numbers, email addresses, current age, likes and dislikes are available if we wish to provide this information to each other.

How does a Group member get to our "virginiaanglersclub" Yahoo! Group? While connected to the Internet through your computer, insert the address of <http://www.yahoo.com> into the address line of your computer's browser. After the Yahoo Portal Page is presented to you, in the upper, left portion of the page, click on Groups. A window will appear requesting your Yahoo ID and your Password and then click the Sign In button. You will then be forwarded to all groups of which you are a member. Simply click the group that you wish to enter. As in this case: virginiaanglersclub and presto you are in the VAC Yahoo! Group. Browse to your heart's content. Share your information with fellow members.

Good Luck...

CATCHY COMMENTS

by Elly Robinson

Things have heated up a bit in the last month and Johns Creek is back in the news for two reasons, first because no Angler of the Month entries came from Johns Creek in the March Membership Meeting and second because it will not be that way in April!

The March Angler of the Month competition was interesting in that relatively new members were leading the pack until **Scott “the Elder” Johnston** woke up and remembered he caught a nice Yellow Perch in early March. Results follow:

1 st	Scott Johnston	1-0	Yellow Perch	2 fly	333 points
2 nd	Dean Winstead	2-10	Hickory Shad	2 Spin	298 points (on a Rattle Trap!)
3 rd	Danny Noland	1-2	Yellow Perch	2 plug	296 points
4 th	Dean Winstead	0-15	Rock Bass	2 Spin	246 points
5 th	Eddy Johnston	28-0	Blue Catfish	8 Gen	235 points
6 th	Fred Cousins	1-6	Croaker	2 Spin	183 points

Hail to the Elder !!!!!!!!!!!!!!!!

Ryan Noland's 3-12 Brook Trout

Now that I look over the cards maybe this column ought to be called the **Nolands** and company fishing report. **Buddy, Danny, Ryan, Dean Winstead and Jeff Doughty**, the brothers 5, caught fish everywhere they went together in the last month. Wonder where **Ricky Dale** was? First they hit the Nottoway River trying to be the first to catch shad. Check out these dates and catches:

- March 10th **Jeff Doughty** caught a 1-13 Smallmouth Bass on 4 General for 105 points.
- March 12th **Dean Winstead** caught a 15 oz. Rock Bass on 2 Spin for 246 points and **Jeff Doughty** caught a 5-14 Bowfin on 4 General for 179 points. Both are new specie leaders.
- March 18th **Dean Winstead** caught a 2-10 Hickory Shad on 2 Spin for 298 points, **Danny Noland** caught a 2-13 American Shad on 2 Plug for 225 points and **Ryan Noland** caught a 2-0 Hickory Shad on 2 Spin for 227 points. Dean's Hickory is the new species leader.
- March 19th **Ryan Noland** caught a 3-4 American Shad on 2 Spin for 260 points and **Danny Noland** caught a 2-0 Hickory Shad on 2 Plug for 227 points and a new Club Record. Ryan's fish is the new species leader.
- March 20th **Jeff Doughty** caught 1-10 and 2-0 Hickory Shad on 2 Spin for 184 and 227 points.

Then they went to the Mattoponi River looking for those big Yellow Perch and Dean caught a 12oz. Crappie on 2 Spin for 119 points.

Then they went to Johns Creek and hit it just right.

- April 1st **Buddy Noland** had an 8-6 Rainbow Trout on 6 Fly for 373 points and a 9+lb. Brown Trout on 2 fly but because he didn't have a 12 or 15 lb. scale Had to settle on 6 lbs by bottoming out a 6 lb. scale. **Danny** got into the Brown Trout and had a 2-8 on 2 Fly for 195 points. **Ryan** said not so fast and came up with a 2-10 Brown on 2 Fly and a 3-2 Brook Trout on 12 Fly for 142 points, a new Club Record. **Buddy's** Bow on 6 fly was a Club Record also.
- April 2nd Apparently **Ryan** was just warming up on the 1st because on the 2nd he had a 3-12 Brook Trout on 2 Fly for 535 points, the new species leader. The older Nolands were whipped and limped home with **Buddy's** 3-4 Brown on 2 fly for 253 points and a 1-14 Brown Trout on 2 fly for 267 points. **Danny** had a 3-0 Brookie on 2 fly for 428 points.

Danny was a day late and a dollar short on getting in on the Yellow Perch run on the Chiakahominy River but he did catch and apparently was proud of a 12 oz. crappie on 2 plug for 119 points. Oh, he did scratch out a 1-2 Yellow Perch on 2 Plug for 296 points on March 5th. This catch is a Club Record and takes over the Plug Division lead for 2006.

Jeff and **Dean** and **Bruce Henderson** were brave souls and went on deep drop trips aboard the Jil Carrie. This is a Dead Rise that sails out of Lynnhaven Inlet and steams for 5 to 6.5 hours out to get on the sea bass wrecks and blue line

tile fish rough bottom. The guys were meat fishing but reported excellent catches of big knot heads to 5 pounds. The All Tackle World Record bluegill was caught recently on this boat – over 15 pounds of great eating. We ought to get up a VAC trip on this boat next winter – it leaves the dock at 2am and returns the next night. I bet we could set several World Records and many Club Records. **Jonathan Macdonald**, our newest member fished the White Perch tourney on the James with me and came away with his first club entry, a 11b 9oz hickory shad on 2 spin. Way to go Jonathan, hope you reach your Angler rating quickly.

We could stop here but a few other members had some catches also. **Mickey Kodroff** continued to fish Weldon with **Elayne** and had a 2-8 Hickory Shad on 2 spin for 284 points. They were also in town and fished last week for shad on the James. Keep fishing Mickey and stay well ! **Fred Cousins** fished the Hot Ditch and had a 1-6 Croaker on 2 spin for 183 points. **Robbie Robinson** has been hitting the Nottoway River after the riff raft left (Nolands and company) and has 5 releases of American Shad up to 2lbs. 14 oz. **Dr. Jim Wright** had a 23” length citation tautog.

Good luck to everybody as we begin the transition to saltwater fishing. I will not be at the April Membership meeting. **Stuart Lee** will be handling the Angler of the Month contest at the meeting. **Glenn Carter** and I are going on a fly fishing trip for Tarpon to try to get our required Master Angler fish. If I am successful I will achieve the Master Angler Rating which has been a 28 year process for me but I never actually thought it would ever happen due to the Largemouth Bass on Plug required fish. Glenn is also going after a Ladyfish to give him Saltwater Expert Rating. See you in May.

**Wreck Fishing:

sea bass**

**Buddy Noland
and 6 lb. Brown
Trout**

**Brown Trout
being released**
