*(Commentary from the Board of Directors)*

**March Membership Meeting –  
 Carl Herring on Crappie Fishing**

Widely known crappie-fishing expert Carl Herring will be our guest speaker on March 27<sup>th</sup>. His talk will feature the where, how and when of crappie fishing. Get those questions ready for this expert angler to answer.

**Six Pack of Shad Flies to Be Part of March Meeting Raffle**

A second raffle item has been added to the raffle to be held at the March Membership Meeting. Robert Thomas has generously donated six hand-tied shad flies for use in the monthly raffle for the March meeting. The first raffle item will be the regular \$25.00 Gift Certificate donated by Green Top Sporting Goods. With the closing of Fly Fish The World, the \$25.00 gift card donated by FFTW will no longer be part of the regular monthly auction.

**Annual Scale Certifications Continue at March Meeting**

Weigh master Larry Allen and his crew of talented assistants will be at the March Membership Meeting ready to certify your scales for the 2007 Angling Year. Bring your scales in a Ziploc® style bag with your name on or in the bag. Give the bag and scales to Larry and your scales will be certified by the end of the meeting. IGFA certification requires a special request.

**SPECIAL DEAL - Held Over by Popular Demand:  
 \$2.00 VAC Mug Night**

Country Store Keeper Eddy Johnston will again offer the stunning Official Virginia Anglers Club mugs at the rock bottom price of \$2.00 each. The mugs hold hot or cold beverages and their construction helps maintain the temperature and quality of their contents. These mugs are the identical mugs presented to the speakers at our monthly meetings.

**Dues Must Be Current to Have Catches Recognized**

Members must be current in their dues to have entry cards accepted for catches made on or after March 1, 2007. Once the dues are made current, catches made on or after the date the dues are paid, will be counted. If you received an invoice for dues in the mail around the first of February, you dues were at least 2 months overdue at that time of receipt. As of this writing, 16 members have not paid their 2007 dues.

**Special Raffle - Blackwater / Nottoway River Atlas**

A copy of *The Blackwater, Nottoway and Meherrin River Atlas* will be raffled at the April Membership Meeting. Chances go on sale at the March Membership meeting. The Atlas contains an account of the history, legends and stories of the Blackwater, Nottoway and Meherrin Rivers, which are included in the Chowan Watershed. The 91-page atlas contains detailed maps of the area and will be available for inspection at the March Membership Meeting. Scott Johnston has generously donated this volume for use as a special raffle item.

**CATCHY COMMENTS**

By Elly Robinson

When you check the awards leaders, club records and lunger lists you will notice that new entries are being recorded in bold type for your ease of identification. I will continue that practice in the coming months. Please contact me if you believe I have overlooked an award leader or club record or have some data wrong on an entry you have submitted. It does occasionally happen as evidenced by 4 club records that didn't make the club record sheet last year. They were:

- W. S. JOHNSTON, GAR, ALL, 15-0, 6 SPIN, 327 POINTS, 11/28/06, CHIPPOKES CREEK, VA., BASS ASSASSIN
- W. S. JOHNSTON, SPOT, 0-10, 8 FLY, 138 POINTS, 6/13/06, PIANKATANK RIVER, VA., CLOUSER
- S. LUTEREK, FLATHEAD CATFISH, 22-0, 16 GEN, 151 POINTS, 9/28/06, JAMES RIVER, VA., LIVE BAIT
- S. LUTEREK, WALLEYE, 9-6, 12 GEN, 236 POINTS, 7/30/06, LAKE ERIE, NY., WORM

Well the freshwater entry cards are starting to flow in as the yellow perch season was really a great one in several different locations. **Eddy Johnston** whipped out his fly rod at the Chickahominy River dam on 2/24/07 and caught a 9oz and 14oz perch on 2 fly and threw in a 13oz. one on 2 spin for good measure. **Mike Cline, Robbie Robinson** and I fished Yarmouth Creek and the Chickahominy River numerous times during February and March with real good success. Mike's best was a 1lb. 3 oz on 2 plug for 312 points. I had the new specie leader with a 1lb. 6 oz on 2 spin for 361 points and a 1lb. 4oz. on 2 plug for 328 points and a new club record. **Scott Johnston and Lynn Spurlin** may have had the best trip of the year and kept it under wraps! Lynn took over the lunger lead with a yellow perch that tied the club record on 4 spin of 1lb. 10oz. for 353 points and then for good measure he caught a new club record 1lb. 8oz. yellow perch on 6 spin for 272 points. **Tony Horsley** under the watchful tutoring of **Bob Shepherd** caught a 12oz. perch on 2 spin for 197 points and Bob had a 1-0 on 2 spin for 263 points and a 1-2 on 2 plug for 296 points.

While yellow perch fishing, club members occasionally catch other good fish. **Eddy Johnston** had a 1lb. 8oz. crappie on 2 spin for 238 points and the new specie lead. **Lynn Spurlin** topped off his great yellow perch day with a 4lb. 9oz. large mouth bass on 4 spin for 228 points. **Mike Cline** caught a 5lb. 4oz. bowfin on 2 plug for 262 points. I had a carp that weighed 8lb. 14oz. on 2 spin for 277 points and a 6lb. 4oz. bowfin for 312 points. Both of my fish are new specie leaders. **Tony Horsley** caught a 4lb. bowfin on 2 spin for 200 points. **Scott Johnston** had a new club record bowfin of 2lb. 11oz. on 2 fly for 167 points. I saw **Bill Duval** hook 3 bowfin on one trip to the Chick with me and unfortunately all 3 either broke or spit the hooks. Yes folks Bill does occasionally fish in the sweet water. And yes the bowfin fishing at the Chickahominy dam has been pretty good this year.

Speaking of Mr. Duval, Bill went on a club record setting tear while in Key West, Florida during February. He set 4 cero mackerel records with a 3lb. on 6 spin for 120 points, 5lb. on 4 spin for 250 points, a 6lb. 4oz. on 4 general for 250 points and a 6lb. on 12 general for 120 points. If that wasn't enough Bill decided to knock off another (red) grouper record with a 7lb. on 16 general for 112 points.

**Stuart Lee** took a trip with **Brian Horsley and Sarah Gardner** to Golfito, Costa Rica and enjoyed the experience of catching pacific sailfish on fly. Stuart's master angler skill came in handy as he landed and released a sail over 100 lbs on 20lb tippet fly for 500 points.

**Bob Shepherd** has been telling us for years that he goes to New Orleans at Mardi Gras time on company business. Generally he comes back

Mike Cline with his 1-3 Yellow Perch on 2 Plug

with tales of riding on floats and throwing beads and drinking diet cokes on Bourbon Street. This year he tried the same story but then messed up by turning in a card that says he caught a 12lb. 8oz. red drum on 12 fly for 156 points while fishing out of Venice. Maybe Bob was on monkey business!

Well that's it for this month. My fearless prediction is that the column next month will be dominated by lots of hickory and American shad catches, white perch as well as the first croaker catches. Maybe a big black sea bass and our clubs first blue line tilefish will make the news also.

### *Do You Still Want to Have 4-Wheel Access to the NC Beaches at Cape Hatteras?*

Plans are currently being made to restrict Off Road Vehicle (ORV) access to the beaches at the Cape Hatteras National Seashore Park. If you wish to continue the tradition of being able to drive on the beaches (to have access to surf fishing sites), you should make your feelings known to the Superintendent of the Cape Hatteras National Seashore Park. A personal E-mail to him citing your continued support of ORV access to the beach can help continue this right that is being threatened by some environmental groups with lawsuits aimed at denying all access to any part of the beach.

VAC members can e-mail Mr. Mike Murray at the following: Mike\_Murray@NPS.gov

Please take the time to let him know your feelings in continued support of our having access to drive on the beach to our surf fishing sites!

### *New Virginia Anglers Club "T" Shirts*

Bob and Leah Shepherd have revised the artwork for the VAC T-shirt. The shirts will be printed soon. Only limited numbers will be printed, then they will disappear until demand warrants the expense involved in doing another printing. To make sure you get the shirt in the size and color you want, advanced orders will be taken. Place your order NOW by forwarding an order along with a check for the appropriate amount to Eddy Johnston, 3312 Stuart Avenue, Richmond, VA 23221.

Please indicate 1) the number of shirts, 2) the size (S through XXL), 3) the color (White, Lt. Blue, Lt. Gray), and 4) with or without a pocket (add \$2/shirt with pocket).

The approximate price for the shirts will be ~ \$16 each (\$18 for shirts with a pocket). Refunds will be made or additional payments requested once the exact price of the shirts has been determined.

### *February Angler of the Month*

The Angler of the Month competition for the February membership meeting encompasses entries from the start of the angling year on December 1<sup>st</sup> 2006. Generally freshwater species rule the roost and for the last several years Johns Creek trout have taken all the money spots – but not this year. Johns Creek is history and the striped bass fishery in Virginia has been nothing short of fantastic. Five different anglers submitted 6 entries. The top 3 highest point entries are counted toward the Ken Kinnard Angler of the Year award (most cumulative points in Angler of the Month competition).

**Eddy Johnston's** 14oz. yellow perch on 2 fly for 291 points came in 6<sup>th</sup>.

**Fred Cousins**, last years runner up in the Ken Kinnard AOY competition, had a 5<sup>th</sup> place 12lb. gar on 2 plug for 436 points and a 4<sup>th</sup> place 6lb. 14oz. large mouth bass on 2 spin for 458 points.

**Bob Shepherd** came in 3<sup>rd</sup> place with a 55lb. blue catfish on 6 general for 517 points.

**Bruce Henderson** finished in 2<sup>nd</sup> place with a 38lb. striped bass on 4 general worth 633 points finished.

**Elly Robinson** took 1<sup>st</sup> place with a 39lb. striped bass on 4 general worth 650 points.

### *Bay Fishing Seminar - March 24, 2007*

### TOURNAMENT: Eastern Shore Flounder

Sat-Sun, April 21 & 22, 2007 and Sat-Sun, April 27 & 28, 2007

Angling Hours: All daylight hours **except for Saturday, April 21st, angling will end at 6:00 PM to allow for cookout.**

Location: Boat launch anywhere on the Virginia Eastern Shore

Awards: 1 cup highest point Flounder ( 100 pts. min.)  
1 cup for the heaviest Flounder on any tackle (jungle rules) ( 100 pts. min.)  
1 cup highest point "Other Species" ( 100 pts. min.)

Tips: • Look for clean, warm water.  
• On outgoing tide, look for areas where water from flats or creeks that has warmed during high tide is draining into deeper hole.  
• In the spring, the flounder can be very shallow in order to warm themselves in the sun. Light jigs dressed with some scent producing substance such as squid, Fish Bites or Gulp should be very effective in shallow water.

Regulations: New flounder regulations require flounder to be 18.5 inches to be kept with a limit of 5 per person per day. Flounder too short to keep can be weighed and released.

Cookout: Mike Ostrander will be hosting a cookout at his father's new residence near the Oyster boat ramp. The cookout will begin at 6:30 PM on Saturday 4/21. Please let Bob or Mike know if you plan on attending so ample food can be purchased. For directions to the cook out, please contact Bob Shepherd or Mike.
